

Travel directions for the Bintry Mill Trout Fishery

From East Dereham

Leave Dereham on the B1110, heading north, towards North Elmham and through the village. You will go through the remains of a railway bridge – no top on it, sharp right-hand bend. In about half a mile look for a holly tree on the left-hand side of the road, just before a white milestone, and take the track on the right, between two fields. There is a signing-in box at the end of the track. There is also a signing-in box on the upstream side of County School bridge.

From King's Lynn

There are two possible routes:

1. King's Lynn by-pass, A149, at the roundabout by the Queen Elizabeth Hospital take the third exit for the B1145 and follow it to North Elmham. At the junction by the King's Head Hotel, turn left and go through the village. Then follow directions above.
2. King's Lynn by-pass, A149, at the roundabout by the Knight's Hill Hotel and Spa take the third exit for the A148 to Fakenham and Norwich. Take Fakenham by-pass and keep heading towards Norwich. Approaching Guist take the right fork coming into the village after the flashing speed limit sign, and turn to the right again immediately. Follow this road over the river Wensum, past the left turn to Bintry Mill. At the end of the field on the left, after the turning and a small copse, take the track on your left. You will have passed a white milestone and turned by a holly tree

From Norwich

Take the Norwich-Fakenham road, A 1067, towards Fakenham. In the village of Guist turn left by the clock tower. Follow directions above.

How to find the Yarrow Farm and County School Beats

Return to the road and turn left, towards North Elmham. After the sharp left-hand bend once the road straightens look for some green metal farm buildings on the left set-back from the road. At the end of the field just after these buildings, and by the end of the row of houses, there is a track that will take you to Yarrow Bridge.

The lane leading to County School station is marked by tourist signs to the former County School Railway station. There is a parking area at the station and a signing-in box on the upstream side of the bridge at the start of the Yarrow Farm Beat.
